M/s. Reva Phoenix
Chennai.

KIND ATTN.: MR. MANIKANDAN VENKATESAN
CEO & PRINCIPAL CONSULTANT

Dear Mr. Manikandan,

It is really admiring that you have completed the project of getting our organization the Certification for Integrated Management Systems (IMS) for all our four Manufacturing Facilities and Corporate Office, as well as QMS & Monogram Certification from the American Petroleum Institute (API) for the Manufacturing Facilities, just within the desired time frame. These certifications by two Internationally renowned Certifying Agencies are precious for our organization.

Your organization played a vital role in the preparation and approval of our Manuals, Procedures & Records. Your Team members guided our staff in setting the procedure at each of our profit centre.

We must congratulate you and your team members on this great accomplishment.

We feel proud to be associated with you in the process. This will keep a long lasting impression, relationship and joy of achieving some more planned programs in the near future. We are delighted with it.

You have really done a great job. Congratulations & Thanks to you, your organization and your team members.

We wish you all success for all your future projects.

Thanks
With Kind Regards

K. Ramesh

FEEDBACK FROM CLIENT: ***(Please write your valuable comments / Feedback)***

The guidance given by M/S Reva Phoenix was apt and practically useful to Southern Hydrocarbons to face and complete the API audit successfully.

One suggestion is that the mock audit can be made more effective so that no. of NC's could have been minimized further.

As a whole, it was a nice experience with M/S Reva Phoenix Engineers & Consultants India Pvt Ltd.,

FEEDBACK FROM CLIENT: ***(Please write your comments)***

1. *Working experience with Reva specially its MD was excellent with strong knowledge in its course but the designated Team should be more sound on Technical side.*
2. *The Training given on API and its Certification programs was very useful.*
3. *We would like to have long term association for future new product certifications & for future technical assessment.*

TRIMEX

FEEDBACK FROM CLIENT: *(Please write your comments)*

Trimex Industries P Ltd, Barite division has got API monogram certification.

We have used Reva Phoenix as our consultant for the project. I would like to take the opportunity to thank Reva Phoenix especially Mr. Manikantan who has deputed his dedicated Engineers to our site for the preparation of documentation in all stages. Reva Phoenix Engineers are very knowledgeable and attentive. They have provided good in house training (including awareness and internal auditor training) to our staffs which is really helpful for us to understand the system requirement and work accordingly.

Since our management is very happy with Reva Phoenix service, we have appointed them as our consultant for our Bentonite division API project.

All the best to Reva Phoenix.

FEEDBACK FROM CLIENT: ***(Please write your comments)***

The support and guidance that received for the implimentation of QMS as per the API Spec Q1, 8th Edition requriements from Mr. Manikandan Venkatasan and his team (Reva Phoenix Engineers) were enormous. The training that provided by them during the implementation period to the Internal Auditors, Special Process owners, QA officials, etc had helped the Vajra personnel to deepen their understanding in the relevent topics and also helped considerably in establishing the QMS to meet the API Spec Q1, 8th Edition requirements.
